Data Structures

PERSONAL PROJECTS

Weather forecast (04/2023 - 04/2023)

- Weather forecasting is the application of science and technology to predict the conditions of the atmosphere for a given location and time. People have attempted to predict the weather informally for millennia and formally since the 19th century.

Amazon Clone (06/2023 - 07/2023)

- Cloning describes the processes used to create an exact genetic replica of another cell, tissue or organism. The copied material, which has the same genetic makeup as the original, is referred to as a clone.

Resume Builder (07/2023 - Present)

- It is an application that simplifies the task of creating a resume for individuals.

To do list (06/2023 - 06/2023)

- In this we can make a list with priority, deadlines and labels
